FRIED ONIONS

Indirectly Caused the Death of the

World's Greatest General. It is a matter of history that Napole on was a gormand, an inordinate lover of the good things of the table, and history further records that his favor-ite dish was fried onions; his death from cancer of stomach it is claimed also, was probably caused from his excessive indulgence of this fondness for the odorous vegetable.

The onion is undoubtedly a wholesome article of food, in fact has many medi-cinal qualities of value, but it would be difficult to find a more indigestible article than fried onions, and to many people they are simply poison, but the onion does not stand alone in this respect. Any article of food that is not thoroughly digested becomes a source of disease and discomfort whether it be fried onions of beef steak.

The reason why any wholesome food is not promptly digested is because the stomach lacks some important element of digestion, some stomachs lack peptone, others are deficient in gastric juice, still others lack hydrochloric acid. The one thing necessary to do in any case of poor digestion is to supply those elements of digestion which the stomach lacks, and nothing does this so thoroughly and safely as Stuart's Dys-

pepsia Tablets. Dr. Richardson in writing a thesis on treatment of dyspepsia and indigestion closes his remarks by saying, "for those closes his remarks by saying, for those suffering from acid dyspepsia, shown by sour, watery risings, or for flatulent dyspepsia shown by gas on stomach, causing heart trouble and difficult breathing, as well as for all other forms of stomach trouble, the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is to take one or two of Stuart's Dyspectal of the safest treatment is the safest treatment is to take one or two or two or the safest treatment is the safest treatment pepsia Tablets after each meal.
